

Encouraging Your Child's Reading for Pleasure: ECLIPSE - Our school library catalogue online

The school library has also this year introduced a new online version of our library catalogue. The new system allows pupils, staff and parents to view our school library catalogue online and pupils will be encouraged to use this to help with research, to write reviews about books they have read and search for new books and other library resources.

The system includes a fantastic new feature called 'Who Next' which recommends new books and authors based on the books that your child has already read. You will be able to use this feature at home to help your child select their next book.

Give it a try! So check out **ECLIPSE** through the link below

<https://u020411.microlibrarian.net/default.aspx?ad=true>

- If you have access to an iPhone, iPad, iPod touch or Android phone, then you can download a new free App called '**iMLS**' to access the library from those devices.

Having the library accessible in this way and having parents engaged with reading, will help to support our commitment to improving literacy standards. All pupils should have their username and password so that you can use the new app to also track their reading history and borrowing patterns. If not, then please ask your child to request this information from the library.

We hope you find the new facility useful and welcome any feedback.
